HOUSE PASSES SHIP MEASURE; VOTE 215 TO 121

Measure Limits U. S. Ownership to 2 Years After Close of War.

TO THE SENATE TODAY.

BY ARTHUR SEARS HENNING.
Washington, D. C., Feb. 17, 2 a. m. (Special.)—Under a gag rule which put to the blush the most despotic procedure of Czarism, the administration Democrats jammed President Wilson's ship measure bill through the house of representatives at 1:30 o'clock this morning. The vote was 215 for and 121 against the measure, which was attached as a "rider" to the Weeks naval auxiliary bill passed by the senate at the last session of congress.

The bill will go to the senate today at noon.

Mann Fights in Vain.
In vain Republican Leader Mann filibustered the passage of the bill by every device known to the expert parliamentarian. Roll call after roll call was forced to a standstill. Mr. Mann threatened to keep the filibuster going all night for the sake of the ship measure. The bill was passed at 1:30 o'clock this morning. The vote was 215 for and 121 against the measure, which was attached as a "rider" to the Weeks naval auxiliary bill passed by the senate at the last session of congress.

Lineup of Illinois Men.
The lineup of the Illinois delegation was as follows:

FOR THE BILL (Democrats).
Blandford, F. H. Henry, Foster, Johnson, O'Fallon, Fowler, Gallagher, Rainey, Hill, Tamm, Graham, Stringer, Harbo, Baile, Williams, Shaw.

AGAINST THE BILL (Democrats).
Borchers.

AGAINST THE BILL (Republicans).
Malin, Mann, Britten, McKenzie.

AGAINST THE BILL (Progressives).
Phelan, Hinebaugh, Ahern-Coppley (Prog.), Sabath and Buran (Dem.).

Cracking the party lash, the leaders brought into line for the bill many Democrats who subordinated their convictions to the policy of the measure to the best of the caucus held last night. A group of independent Democrats, however, fought the measure and the bill.

Modifies Old Ship Bill.
The measure is a modification of the original ship purchase bill, known as the "Hull bill." It limits the experiment in government ownership to a period terminating two years after the close of the European war and provides that no ship of belligerent nations shall be purchased under circumstances which would "secure the conditions of neutrality." The administration contends that the bill provides for sufficient guarantees against international complications resulting from purchasing ships such as the German Hamburg-American and North German-Lloyd vessels.

The opposition asserts that it will not.

MR. SHANAHAN, BY MAKING A GOOD SPEAKER, HAS A CHANCE TO PROVE THAT "THE PEOPLE" WIN.

CIGARET SIGNS BLURRED OUT BY BUSY LITTLE PAINTER.

Wayfarer with Brush and Pot Attacks Certain Brand and Vainly Waits for \$3.

A man carrying a paint brush and a small pail of black paint stopped in front of A. B. Searles' poolroom and cigar shop at 443 North State street last night and proceeded with a few practiced strokes to obliterate the text of a sign setting forth the merits of a certain brand of cigars.

Detectives Hague and Bolom of the East Chicago avenue station manifested curiosity.

"Sure I don't mind telling you what I'm doing," said the painter cheerfully. "I'm painting out cigar signs all along State street north of the river."

A note of anxiety crept into his voice. "You didn't notice that I missed any, did you? A man's going to give me \$3 if I catch 'em all as far north as Division street. I'm going to meet him there at 10 o'clock."

The detectives were waiting at the tryout with the painter, whom they had placed under arrest, but the man with the \$3 did not appear. Their prisoner said he was Harry Soudeck.

PUZZLE: HOW WILL THIS ONE MAN PARADE DISBAND?

Permit issued to Ohio Prescher, Fence Advocate in New York, Provides He Shall.

New York, Feb. 16.—(Special.)—The police department today issued a permit for a one man parade to assemble at Battery park, proceed up Broadway, and disband at Columbus circle. The parade is to be held tomorrow.

It will consist of the Rev. J. W. Van Kirk of Youngstown, O., a small bell, known as the "Bell of Fraternity," and the world peace flag which Mr. Van Kirk designed and which he says was accepted by the international peace conference at The Hague in August, 1912.

Before the parade Mr. Van Kirk will speak along Broadway. He is making his third tour of the world in the interests of universal peace.

DRYS AND L. V. L. ACCEPT RULE OF SHANAHAN

New Speaker's Promise of Fair Deal Evokes Approval; McBride Sees a Gain.

(BY A STAFF CORRESPONDENT.)
Springfield, Ill., Feb. 16.—(Special.)—The election of David B. Shanahan, wet Republican, as speaker of the house, after an all-American deadlock record of seven weeks, left everybody in and about the capitol this evening in a measurably contented condition.

Relief from the strain over what had become a state-wide scandal was apparent everywhere.

Officials of the Legislative Voters' league, watchdog of the statesmen, expressed confidence that Mr. Shanahan will preside fairly.

Drys Claim a Victory.

The "drys," represented by F. Scott McBride, superintendent of the Anti-Saloon league, regard the end of the deadlock as a "dry" victory, having forced a conjunction of the wets with the L. V. L. McBride over, but Mr. McBride adds in a statement tonight:

"We gladly accept Mr. Shanahan's assurance, given on accepting the speakership in his public statement, that no favors will be given by him to either the wets or the drys and that every measure will have a fair trial in the house."

A. J. Cernak, head of the liquor forces, said:

"We have never had any pledge from Shanahan as to what he would do if elected speaker. We take him on his past record. We believe that Shanahan will give only a square deal, a roll call on every question. That is all we expect."

Men interested in a constitutional convention are pleased. They regard Mr. Shanahan's election as a distinct gain toward a convention.

Chosen by Two Party Vote.
Mr. Shanahan, who comes from the stockyards region of Chicago and who is dean of the house, was elected speaker by a combination of thirty-one Republicans and forty-nine Democrats—eighty all together. Three more than the required constitutional majority of seventy-seven.

His election came on the second ballot of the day and the sixty-eighth of the record breaking deadlock which has beset the general assembly since Jan. 4.

The combination includes seventy-five of the eighty-four wets on the floor of the house. Five dry Republicans voted for the speaker. It also includes the twenty-one Democrats whom Lee O'Neil browbeat across the aisle last Thursday, when the first open demonstration favorable to Shanahan was made.

Includes Administration Men.
It includes twenty-eight Democrats known as the state administration

Made by Tavenner.(BY A STAFF CORRESPONDENT.)
Washington, D. C., Feb. 16.—(Special.)
Gen. William Crozier, chief of ordnance,
contemplates demanding an investigation
from the secretary of war or by
congress of the charges involving him
recently which were made in the house
yesterday by Representative Tavenner
of Illinois.Mr. Tavenner charged that a ring of
war munitions manufacturers is raking
in \$7,000,000 in exorbitant and illegi-
timate profits and that Gen. Crozier, Gen.
Hamphrey and other army and navy
officers are closely connected with these
concerns.Friends of Gen. Crozier in the house
are preparing to present his defense
later in a reply to Tavenner or in a de-
mand for a congressional investigation.Mr. Crozier, who is situated in the
Taverner district.On behalf of Gen. Crozier it is asserted
that he never has allowed his former
relations with the Bethlehem Iron (now
Bethlehem Steel) company to influence him in pas-
sing on questions affecting war munitions
contracts awarded to this or any other
firm.It will be alleged that Tavenner is dis-

AS PLANNING WAR ON U. S.?William Le Queux, Author, Charges
Speech to Emperor Expressing
Desire to Subdue America.(BY CABLE TO THE CHICAGO TRIBUNE.)
LONDON, Feb. 16.—A book entitled
"German Spies in England," which was
made public today, presents the Kaiser
in a position of hostility to the United
States. William Le Queux is the author.The passages in the book referred to
are based on an alleged verbatim report
of the proceedings of a secret council
meeting in Potsdam in June, 1908. The
man who furnished the report is declared
to be a "German of high position," but
holding pro-British views, who was pres-
ent.This is what Le Queux declares the
Kaiser said after telling "a scheme for
conquering Britain and France":
"The United States, where even now I
rule supreme; where almost half the
population is either of German birth or
descent, and where 3,000,000 German vot-
ers do my bidding, at the presidential
elections, would not be taught a lesson.""Germany, power, would be supreme in
South America and South Africa, and
among other things the German flag
would wave over the holy shrines of
Jerusalem." Who that accomplished it
shall unite all the people of the white
race in a powerful alliance for the pur-
pose of coping with German guidance
with the yellow peril, which is becoming
more formidable with every year.COMMANDER OF BLUECHER

ties in the German navy.Tiger Has Battle Wounds.
St. John's N. F., Feb. 16.—The steamer
Florizel of the Red Cross line, which ar-
rived today from Shields, England, re-
ported that when leaving the English coast it
sighted the British battle cruiser Tiger,
with several holes in its hull, received
during the battle between the British and
German fleets in the North sea Jan. 25.
According to officers of the Florizel, the
Tiger had some men wounded, but was not
seriously damaged.FATHER AND GIRL DIE BY GAS

TO KEEP OUT OF
CHINA TROUBLEWishes to Avoid Giving Offense

Imbroglio.(BY A STAFF CORRESPONDENT.)
Washington, D. C., Feb. 16.—(Special.)
—Fearing the consequences of any action
at this time, the administration is
seeking to suppress public discussion of
the twenty-one aggressive demands
which Japan is reported to have made
upon China.President Wilson does not wish to give
Japan any cause of resentment at a time
when the United States is involved in the
negotiations of a most delicate character
with both Great Britain and Germany.Calls for Information.
A few days ago Representative Hobson
introduced a resolution in the house
calling upon Secretary of State Bryan
to transmit "any information in the pos-
session of the state department from of-
ficial or unofficial sources relating to any
recent demand unusual between free gov-
ernments that may have been made on
the Chinese government" by any other
government and any information as to
whether any recent demand that may have
been made on the Chinese govern-
ment by any other government, if en-
forced, would imperil the open door or the
integrity and sovereignty of China.No More Meetings.
Capt. Hobson inquired of Chairman
Flood of the house committee on foreign
affairs today when he would be given
a hearing on his resolution. The chairman
replied that there would be no meet-
ings of the committee during this con-
gress. It also transpired that Mr. Flood
has been informed by the administration
that any discussion of the Japanese de-
mands would be imprudent.Capt. Hobson has the right to call up
his resolution in the house tomorrow as a
privileged matter, but the administration
will endeavor to prevent his con-
sideration.Discussed with China.
The United States has been seeking
light informally upon the negotiations
now pending between Japan and China.
The matter had been discussed between
Secretary of State Bryan and Ambassador
Chen.The Japanese government has pledged
itself that nothing in the negotiations
now in progress will affect the interests
of a third party in China. The negotia-
tions do not look to the acquisition of
any Chinese territory by Japan, it is as-
serted.FINDS BRIDE NEAR DEATH.

girl. Edgar Lee Masters yesterday an-
nounced that the wedding of his niece
and Godchild, Miss Elizabeth Stone, has
been set for March 2. She is to marry
Lieut. Alan Silverwood-Cope of London.
Miss Stone is the daughter of Mrs. Niel

FIELD PRAISEDP. H. O'Donnell Urges Kent
Students to Take Up
That Branch.Attorney Patrick H. O'Donnell, address-
ing the students of Chicago Kent College
of Law last night, urged the young men
of Kent to become criminal lawyers. He
said it offers the greatest opportunity
for service to humanity and for profes-
sional rewards."It is the one branch of the legal pro-
fession in which a man can sink lower of
rise higher than any other," said Mr.
O'Donnell, who was introduced by Prof.
L. J. Thomas of the department of public
speaking."As to whether or not he wishes to
attain fame and eminence, or the direct
opposite, he entirely within himself and
is governed by his own choice."Points to Feasibility of Practice.
There is nothing sabbier than the
practice of criminal law. In the accusa-
tion and trial of men often mighty pas-
sions must be overcome.The client, helpless and trembling,
can look to but one salvation. The crim-
inal lawyer alone will stand by him and
become his advocate. It is the criminal
lawyer who must face the senseless mob.
It is the criminal lawyer who must break
down prejudices.Let him be possessed of avarice and
with ideals so low that his sole ambition
is to turn his talents into cash, regardless
of his duty to society, and it is easy for
him to become a lawyer of much notoriety
and influence.Here's the Bright Side.
Now, young men," added Mr. O'Don-
nell, "look at the other picture of the
criminal lawyer. Look at the man who
comes to the aid of the criminal and
looks upon him as an erring brother who,
if helped, may again become a useful
member of society. Then the defense of
men who are not habitual criminals, but
who have erred, there is no philanthropy
more magnificent."Then the professional reward will
come, because the aim will be high and the
achievements meritorious.BEAU BRUMMEL ON \$3 WEEK.

NEW AGREEMENTBuilding Trades Council and
Construction Workers Un-
able to Get Together.Considerable doubt existed yesterday
about the adoption of the working agree-
ment between the Building Trades coun-
cil and the Building Construction Em-
ployers' association for this year. The
agreement has been in effect two years.
The 1915 clauses which have been sub-
mitted by the council to the members
are said to be more stringent than those
of last year.The Building Trades council is op-
posed to practically all the building
workers' organizations of the city. The
employers' association comprises 15 per
cent of the building contractors of the
city.Trouble in the Banks.
Trouble already has broken out in
the ranks of the trades council and Sam-
uel Conover, president of the American
Federation, was here a few days ago
to adjust the difficulties. It is reported
that he failed to cement the break.A lockout of all the building trades is
threatened if the unions do not accept the
uniform agreement. That was the
method used by the employers two years
ago to bring the unions in and it is said
that the employers are in a better posi-
tion to maintain an extended lockout at
this time than they were before.The working agreements of most of the
unions expire in the next three months.
The new agreement which has been sub-
mitted has been accepted by only three
unions. In the agreement it is charged
by many of the unions that many of
the principles which the union men have
been working for many years will be
surrendered.Some of the Clauses.
Here are some of the clauses which
have been submitted to the unions. That
there shall be no limitations as to
the amount of work a man shall per-
form during his working day.
That there shall be no restriction of
the use of machinery or tools.That there shall be no restriction of
the use of any manufactured material, ex-
cept prison made.
That no person shall have the right
to interfere with workmen during work-
ing hours.That the use of apprentices shall not
be prohibited.
That the foreman shall be the agent
of the employer.That workmen are at liberty to work
for whomsoever they see fit, but they
shall demand and receive the wages
agreed upon by the joint board in this
industry under all circumstances.That employers are at liberty to em-
ploy and discharge whomsoever they see
fit.
Painters Have Not Accepted.
The Painters' District council has not
accepted the agreement.The contractors feel that with the
overwork of labor at hand they are in
a position to enforce demands that could
not be obtained some time ago. It was
claimed by one union man.BEAU BRUMMEL ON \$3 WEEK.

GREINER SUIT
MYSTERY OUTAuto Racer Alleges Thomas
Miller Alienated Wife's
Affections.The mystery of the \$50,000 suit which
was filed several weeks ago against
Thomas H. Miller by Arthur W. Greiner,
automobile racer and president of an
automobile sales company, was dispelled
by the beginning of the present ses-
sion. Mr. Greiner charges Mr. Miller with de-
priving him of the "affection, society,
comfort, and assistance" of his wife,
Gladya Sykes Greiner. Upon the filing of
the suit several months ago Mrs. Greiner
and her two sisters were in the east of a
theatrical company playing in New York.
Mrs. Greiner and her mother asserted
that they were only slightly acquainted
with Mr. Miller.The matrimonial race of Mr. and Mrs.
Greiner has been almost as sensational
and thrilling as some of the races which
the husband has participated in at the
speedway in Cincinnati.One year after Greiner's divorce from
his first wife, who was Miss Margaret
Boyer, he married Miss Sykes in Crown
Point, Ind. The wedding remained a
secret until Greiner was injured in a
motor car race.Later there was a plea for divorce by
Mrs. Greiner. She obtained it, and still
later the matrimonial rabbit hunt added
back on the road with a reconciliation.SISTERS HELD FOR FRAUD.

Germany's Challenge to Britain's Naval Power Made Possible by Helgoland.

GENERAL VIEW OF HELGOLAND, GERMANY'S GREAT AERIAL AND SUBMARINE BASE IN THE NORTH SEA—Its appearance has been entirely changed by the construction of docks and harbors and the filling in of the cliffs with concrete.

Torpedo boat and submarine harbor at Helgoland.

FERRO-CONCRETE WALL BEING BUILT AT HELGOLAND—All around the cliffs wherever the sea was beating into the cliffs the Germans have filled in the fissures with solid concrete.

VIEW OF HELGOLAND FROM THE NORTH—The island is composed of friable layers of red sandstone with very little soil at the top. On its southern end it has a small sandy beach. It is only to this portion of the island that visitors are permitted.

Sketch of Helgoland showing the manner in which it has been developed by the Germans for war purposes since 1890.

Helgoland, Germany's Gibraltar of North Sea.

TWENTY-FIVE years ago Lord Salisbury, then premier of England, sold the island of Helgoland to Germany. Kaiser Wilhelm gave in exchange for this almost infinitesimal speck of land in the North sea a great tract of jungle and swamp on the Zanzibar coast of East Africa.

At the present time England no doubt would willingly give all its South African possessions if the bargain had not been made. This little "L" shaped island in the North sea, twenty-six miles from the mouths of the Eider, Elbe, and Weser rivers, is the Gibraltar that is keeping England's great fleet from attacking the coast of Germany.

At the time Lord Salisbury's diplomacy was praised as a clever coup and the Kaiser, just then taking his place in world politics, was laughed at for a big "dummkopf." England had been in possession of the island since the Napoleonic wars, but had never realized its strategic importance.

The island in 1890 was simply a triangular slab of red sandstone, scarcely three miles in circumference, arising abruptly 200 feet out of the sea. It was visibly crumbling away. The great storms from the north were battering it to pieces, and, as one authority wrote at the time, "In a few generations, or at the most a few centuries more, Helgoland will be only a flat, desolate sand dune like those of the surrounding sea."

Instead of crumbling away the island of Helgoland today is buttressed on every side with ferro-concrete. Breakwaters have been constructed, a naval harbor built, and from armored casements and sunken batteries the immense Krupp guns can sweep the sea for over ten miles in all directions. It has taken millions of dollars to accomplish this, but Germany has cheerfully expended \$1,250,000 annually in protecting the island itself from its natural enemy, the sea, and in converting it into one of the strongest fortresses in the world.

In fact, Helgoland today forms practically the nucleus around which the whole naval program of the German empire revolves.

At the time of the purchase the Kiel canal was nearing completion and the great navy yards and naval stations of the empire were being built at Wilhelmshaven, Bremerhaven, Kiel, and Cuxhaven. The work of reconstruction was immediately begun by the Germans and today the island is the one great German menace to England's control of the North sea. Here are gathered the Kaiser's main

torpedo boat and submarine fleets with which Germany expects to maintain its war zone around the British Isles. It is also the key and guard of Germany's main artery of commerce—the way to Hamburg. This great seaport, almost world dominating in times of peace, is impregnable with the great dirigible station and submarine base at Helgoland to guard it.

Since 1890 the island has been practically reconstructed. It is fortified against the sea and warlike fleets alike with great granite buttresses sixteen feet thick and 240 feet high on all sides. Even the fissures in its cliffs have been filled up and bound together with thousands of tons of ferro-concrete. The Krupp guns on it are estimated to have cost \$10,000,000. It has a forty-eight fathom roadstead which can hold the entire German fleet in safety and 100 miles nearer England than in any other of its home stations.

Helgoland magazines contain millions of rounds of every class of ammunition. Mines, torpedoes, aerial bombs, and submarines are here in abundance. Its garrison is provisioned for a siege of years. It would take all the armies in the world to batter down its defenses.

The island is connected with Germany by submarine cable. Its waters for miles around are heavily mined. It was near Helgoland early in the war that the first naval disaster overtook the British, when the cruiser Amphion was sunk by a mine placed by the steamer Koenig Luise.

It saved the German fleet from destruction when Admiral Beatty turned back after sinking the Bluecher, refusing to risk his battle cruisers among the mines and submarines surrounding Helgoland.

MAP OF NORTH SEA AND CHANNEL COAST—The allies are bringing into use the aeroplane in their defense of the channel ports by raiding the bases established by the Germans back of their lines in Belgium. Forty British and French aeroplanes and seaplanes attacked Ostend, Middelkerke, Ghistelles and Zeebrugge yesterday, inflicting, according to London reports, serious damage to shipping and supply stations.

VERTISE IN THE TRIBUNE

ATTENTION, HERE! MAYOR'S FIGHT IS NOT WHOLE THING

"Pete" Bartzzen and a Lot of
Other Fellows Are Seek-
ing Places.

On the assumption that the "tail" would go with the hide, party managers have paid no attention thus far to candidates other than those seeking the mayoralty, contending that their states would go in or fall as an entirety.

Individual candidates for city clerk and city treasurer, however, laid down the law to the general movement, insisting that the final week of the campaign be given over in part to emphasizing the importance of the other offices to be filled at this election. Accordingly speakers were instructed to pay some attention from now on to "running mates" of the mayoralty candidates.

In addition to state candidates for these offices there are several independent candidates who have been injecting added interest to the primary fight.

Nineteen Others in Race.
Besides Progressive candidates, who are to withdraw after the primary in the interest of the fusion movement, there are three Republican and five Democratic candidates for city treasurer, and five Republican and six Democratic candidates for the nomination for city clerk.

The candidates for the treasurer's nomination are: Republican—Charles H. Bergel (fusion), Carl Mueller and Louis F. Wilk. Democratic—George E. Gorman, Peter Bartzzen, James B. Bowler, John J. Harrington, and James Connell. The candidates for clerk are: Republican—John Siman (fusion), G. W. Kunzman, Richard E. Sherman, A. Lincoln Weber and John L. Hoffert. Democratic—James J. Sullivan, William H. Stuart, Arthur Marshall Chamberlin, John H. Goldbohm, Ernest Hummel and Henry Niemeyer.

Two on Progressive Ticket.
Thomas Murray is running for treasurer on the straight Progressive ticket and Joseph M. Mueller for clerk. Both, it is announced, will withdraw after the primary.

Carl Mueller is the treasurer candidate on the William Hale Thompson slate, and Richard E. Sherman, Moore member of the last legislature, is said to be the Thompson entry for clerk. George E. Gorman, present congressman from the Third district, is the Switzer slate candidate for treasurer, and James J. Sullivan is on the same slate for clerk.

The Harrison slate running mates are Ald. James B. Bowler of the Nineteenth ward for treasurer and Ernest Hummel for clerk. Hummel was elected city treasurer when Mayor Harrison was elected mayor in 1907. He held the office two terms and always has been a prominent Harrison man.

James J. Sullivan, the Switzer candidate for clerk, is the Democratic slate commissionman in the Second district. He is a Dunne man. He was chief clerk in County Clerk Switzer's office for two years.

Louis F. Wilk for treasurer is running as an independent Republican. He served as cashier in the county clerk's office during the administration of Joseph Haas.

Bartzzen "Slipping Along."
In the list of independent Republican candidates for clerk, G. W. Kunzman is an ex-county commissioner, holding that office some time ago. He lives in the Thirty-third ward. A. Lincoln Weber is a lawyer, residing in the Sixth ward. John L. Hoffert is a lawyer, residing in the Twenty-seventh ward. He has been a "rebel" Progressive.

In the Democratic list of independent candidates for city treasurer the name of "Battling Pete" Bartzzen heads all the rest. Mr. Bartzzen has been slipping along quietly, counting his friends say, on his opponents overlooking him because of the mayoralty fight. He ran for the nomination for state treasurer last year and was defeated. Bartzzen is depending

John J. Harrington resides in the Thirty-third ward. He is in the real estate business. He was born in Limerick, Ireland. He is a prominent figure in the United Celtic-American societies. James Connell is a salesman, residing in the Twenty-fifth ward.

Among the independent Democratic candidates for city clerk is William H. Stuart, clerk of the election board under Judge Owens. Stuart is appealing to the women and the old Owens organization forces for his support. Arthur Marshall Chamberlin is in the city clerk's office. He is a brother of Henry Barrett Chamberlin. John H. Goldbohm is identified with the Conway Paving company as an inspector. He resides in the Twentieth ward. Henry Niemeyer, the Harrison people claim, is a "tail." His name appears last on the primary ballot and just after that of Ernest Hummel, the Harrison slate candidate. He is a salesman.

MICHIGAN DEMOCRATS O. K. WILSON FOR RENOMINATION

Commend Stand of President on Ship Bill at State Convention in Lansing.
Lansing, Mich., Feb. 16.—At one of the most peaceful political gatherings held in Lansing in many years, the Democrats of Michigan, indorsed in most emphatic terms the administration of President Woodrow Wilson at their state convention held today.

The platform commended the stand of President Wilson on the ship purchase bill and denounced the Republican opposition to the measure as being un-American and against American prosperity. The platform pledged President Wilson the support of the Michigan delegation for renomination and reelection.

Thomas J. Cavanaugh and Charles M. Wilson were nominated for justices of the Supreme court.

PRIMARY PLOT CHARGED IN SUIT FILED BY MAYOR

Harrison Petitions the County
Court to Take Steps to
Block "Conspiracy."

In a petition filed in the county court by Mayor Harrison, through his counsel, former Corporation Counsel William Sexton, yesterday, general charges are made that a conspiracy has been hatched to cast many illegal votes on primary day and he asks that Judge Scully make extraordinary provisions for blocking the alleged plot. John J. Sloan, Harrison campaign manager, joined in the petition. Judge Scully will hear arguments today.

The petition sets up that there are "certain evilly disposed persons who have conspired together to defeat the will of the electors of the city of Chicago."

Charges Taxicabs Hired.
It is charged that persons who are not qualified voters have engaged a large number of taxicabs and other conveyances to be used on primary day for the purpose of bringing the "co-conspirators" to the polls and thus endeavoring to defeat an honest casting of the ballots. A further charge is that certain "evil disposed persons" have been selected to operate at the polling places and receive the votes of the illegal voters. The provisions of the election laws dealing with registration are set out and Judge Scully is asked to apply them in the primary voting. The specific request is made that the judges and clerks of election be instructed to identify all voters by the data set down with the names on registration day.

Hoynes Gets More Evidence.
State's Attorney Hoynes last night announced that he had received additional evidence of fraud in the recent registration.

"I have had no chance yet to investigate the charges," he said. "During the day, however, I received an answer from Attorney Charles H. Mitchell, counsel for the election board, regarding my letter with reference to the registration from houses reputed to be of ill fame. I have not as yet received a reply from Judge Scully, who received a similar letter. Attorney Mitchell tells me that no order was entered by former Judge Owens on this subject."

Flat Tight Enlivens Session.
A flat fight enlivened the hearing of examination of persons who had been served with "suspect" notices in the rooms of the election commission. Harry Ellsberg, 719 Barber street, an investigator for the board, was struck in the face. He claimed that Attorney Samuel Pincus delivered the blow. Pincus has been cited to appear this morning. If he is properly identified, Commissioner Cassinetti announced he would try to have him punished for contempt. Occupants of West Madison street lodging houses were before the board.

Olson Arrives Late.
Judge Harry Olson reached the Congress hotel about midnight, when most of the suffragists had gone home and only the young people remained. It was too late to make a speech. Members of the Hawkeye Fellowship club waited yesterday from 12:30 to 2 p. m. for Mr. Harrison, who was scheduled to speak at their luncheon at the Auditorium hotel. He did not appear. While waiting for her a straw vote on the mayoralty was taken which resulted in 5 votes for Olson, 5 for Switzer, 3 for Harrison, and 2 for Thompson.

CANDIDATES FOR MAYOR "IN BAD"

They're Busy Explaining
Why They Were Not at
Suffragists' Ball.

OLSON ONLY ONE THERE

Resentment was expressed yesterday by Chicago suffragists over the neglect by mayoralty candidates of the suffragists' annual ball at the Congress hotel Monday night. There was much asking of reasons and a few explanations. Some of the women said that they had come particularly to hear all of the candidates on the same evening.

According to information given out at suffrage headquarters in the Tower building, the absence of William Hale Thompson was due to a difference of opinion in regard to social and political preference between Mr. Thompson and the ball committee.

Thompson People Offended?
It was said that there was some spirited telephone conversation between Mr. Thompson's agents and some of the members of the committee over the fact that Mayor Harrison was given the place of honor and was asked to lead the grand march with Mrs. Harrison.

Mr. Thompson, it is said, asserted that all the political candidates should have been equally honored as a matter of fairness. His wife attended, however, and sat in the box of Mrs. Louis Tager. Another complaint against Mr. Thompson was voiced by Miss Jennie F. W. Johnson, treasurer of the Illinois Equal Suffrage association. Miss Johnson asserted that Mr. Thompson had vouched for an advertisement in behalf of the Republican party in the "suffrage edition," published by the state association a year ago last August and that the bill has never been paid.

Her Vote Would Cost Him \$250.
Mr. Thompson is the only person who did not pay for advertisements in that edition, said Miss Johnson. "The bill amounted to \$250 and Mr. Thompson gave the word that it would be paid. He can't have my vote until he pays that bill, I don't care who runs for mayor."

The ball committee never heard from the invitation to Robert M. Switzer to attend the affair. There was some resentment against Mayor Harrison for not coming to the ball after he left the meeting of the city council. Mrs. Harrison explained, however, that he had a cold and that he had gone home and to bed as soon as he left the city hall.

Olson Arrives Late.
Judge Harry Olson reached the Congress hotel about midnight, when most of the suffragists had gone home and only the young people remained. It was too late to make a speech.

Members of the Hawkeye Fellowship club waited yesterday from 12:30 to 2 p. m. for Mr. Harrison, who was scheduled to speak at their luncheon at the Auditorium hotel. He did not appear. LIBERTY LEAGUE O. K.'S SWEETZER; PRAISES RECORD

United Societies' Committee
Condemned for Indorsing
Mayor Harrison.

Robert M. Sweetzer, Democratic candidate for mayor, was indorsed by the executive committee of the Chicago Personal Liberty league last night as "the best possible exponent of personal liberty, business integrity and executive ability in their highest and truest sense."

This was the answer of the indorsement given to Mayor Harrison on the night before by the executive committee of the United Societies, but there was more than that to the answer. The men who indorsed the mayor were called schemers who had betrayed the members of a big organization.

Reference to the action by the United Societies committee was made in the Liberty league's resolution read by Harry Schroyer, in these words:
"Such action does not truly represent the thought, desire, nor spirit of the members of the societies of which the United Societies are composed, but represents only the desire of a certain group of scheming individuals with personal axes to grind, who have surreptitiously seized the machinery of the society, betrayed the organization, and betrayed the members thereof, by railroading such a resolution through for the purpose of serving special interests."

Mr. Maximilian Herzog was chairman of the meeting, which was held in the new Morrison hotel. Sixty or more members of the committee were present, among them being Adolph Easter, who was chairman of the resolutions committee; Fred Rohde, Henry P. Runkel, Fred Kitcher, F. J. Hargerty, Joseph Anderson, John Trebes, Herman Friedl, Dr. Ernest Jernisch, Martin Eberich, Dr. John Kereher and James H. Matlow.

They put new life into your step and they take all the unnecessary "pound" out of it. You'll be surprised how much fresher you feel at the end of the day's work with "Rugged" Heels.

"Rugged" Heels are not just ordinary rubber heels. Their high quality of materials and their special raised tread construction makes them distinctly superior.

The raised tread puts extra material into the part of the heel getting the full shock off the step and gives to "Rugged" Heels greater comfort and greater wear. The sharp angles of the projections offer the greatest possible protection against slipping on wet or icy pavements, tile and polished floors and marble stairs.

Only new rubber, full of life and spring, goes into "Rugged" Heels. That's why they are so durable.

Do you know what?
When you folks get to **UNIVERSAL CITY**, March 15th, we're gonna do sumpin' big. Our reservoir for **UNIVERSAL CITY** holds millions of gallons of water. It's up on a mountain. Just below it, on the mountain side, we've built a village. Well, sir, we're gonna turn the water loose and blot that village out. It'll be a flood worth looking at. We're gonna use the scene in a **UNIVERSAL** drama. But we're holdin' that scene for you. Did anybody ever entertain you like that? No, sir, *not nobody*.

And what's more, we are gonna do something thrilling like that every day of the Opening Week beginning March 15. So if you happen to be a day or a few days late, there's still a thriller waiting for you. And these thrillers are only incidents in **Universal City**—the fantastic, dream-city in California where the **UNIVERSAL** makes its big dramas. That's where the stars of the **UNIVERSAL** do their deadly acting, and if you come out, either on your way to or from the exposition, you can see 'em all act in moving-pictures.

Don't forget that E. Phillips Oppenheim's great serial "The Black Box" written for the **Universal** is now being acted at **Universal City**. It will be released March 1. Come on out. Take the Santa Fe street to Los Angeles. **Universal City** is only a few minutes from there. We'll show you

Olson, candidate for mayor, in a

"It should always be borne in mind," Judge Olson said, "that the city of Chicago is not a collection of disconnected points by railroads, the city is a continuous unit and can only be overcome by a subway system which will connect the outlying sections with the center of the city."

For example, Ashland street is disconnected from the city by the railroad, the city is a continuous unit and can only be overcome by a subway system which will connect the outlying sections with the center of the city. These subways may be needed to create throughfares. These subways may be needed to create throughfares. These subways may be needed to create throughfares.

Debutante's Guests

Nibble "W heats."

EDITHANS about the Virginia

hotel last evening saw strange

visions as the many guests

gathered on the terrace and

for the debutante ball that was

given as a farewell to the season by Mrs.

James Houghteling for her daughter,

Miss Margaret Houghteling, and her

friends.

But masking was not the only unique

feature of the occasion. Before many

guests were over, for the dancing began

very late, came the delicious whiff of

Alaskan pancakes, with the pungent

fragrance of maple syrup, and about

the tables in the dining room sat

Pierrots and Italian flower girls and

Egyptian princesses, all of which

added to the genuine enjoyment of the

evening.

The new ballroom of the hotel was

decorated by the same young people

who spent all day there hanging

banners and putting up red and

white streamers for the wedding.

At the end of the ballroom a stage

was erected, where the Mardi Gras

king and queen were crowned for this

year. Tuesday ball—and today is

Wednesday.

Mrs. Houghteling received with Mrs.

Frederick Greaser and Mrs. Trent

Campbell. Mrs. Houghteling wore a gown

of black lace over black satin, with a

long black veil. She wore a necklace of

pearls and amethysts. Mrs. Greaser

and Mrs. Campbell were also in black.

Later Mrs. A. S. Peabody and her sister,

Mrs. Alexander Smith, arrived to

serve as chaperones. Mrs. Peabody wore

a gown of rose pink tulle with blue

and white ribbons and a black

and white about the skirt.

All the guests arrived with large

bouquets of flowers and were

hung about their shoulders and

asked closely the number to be

voted on later in the choice of king

and queen.

Miss Ruby McCormick wore a pink

satin gown with a tall white

satin cap. Mrs. Joseph T. Bowen Jr.

wore a gown of Egyptian princess

with a long blue court

train of blue embroidered tulle.

MISS MARY ADELAIDE BAKER

MISS MARY ADELAIDE BAKER is the daughter of Mr. and Mrs. D. W. Baker, of 4810 Sheridan road, and among the young women interested in the philanthropic work of the Lake Shore Woman's club, which held its annual charity ball in the Elmhurst hotel recently. This organization cares for families after personal investigation of the various needs and counts some fifty different homes on its list of beneficiaries.

White tulle and pink roses with a black velvet bow.

Evangelist circles are much interested in the announcement yesterday of the engagement of two of the more prominent young women of that suburb. At a luncheon given at the home of Mr. and Mrs. M. C. Cochrane, Armory of 1008 Ridge avenue, the engagement was announced of their daughter, Miss Margaret Armour to Seymour Morris Jr., son of Mr. and Mrs. Seymour Morris of 4723 Kenwood avenue.

The other engagement, that of Miss Anne Ewing Hoover, daughter of Mr. and Mrs. George P. Hoover, to Gardner Hazen, son of Mr. and Mrs. George H. Hazen of New York City, was announced at a reception given in the afternoon by Mrs. Hoover in honor of Mrs. Hazen, who is now residing in Evanston.

Miss Laura Deane wore a gown of rose satin and black lace.

Miss Roxanna Pomeroy was in silver and blue.

Civic League Meets

at Mrs. Morrison's.

MRS. JAMES MORRISON was

hostess at the Twenty-first Ward Civic

league. It was held in her

street drawing room, so

restful to its Japanese

simplicity and lines and

color.

Mrs. Morrison received of Mrs. Wil-

ham S. Monroe, new president of the

league, was in the chair, and during the

afternoon a goodly number of

women and girls trailed into the

meeting to offer their services for the

educational campaign.

The Civic league—and there are twenty-

five of them in the thirty-five wards

of Chicago—does not go in for

politics. Its mission is purely edu-

cational, including "measure and men,"

and is absolutely nonpartisan.

Two classes in citizenship will be

formed in the Twenty-first ward, after

the spring election, and the usual

educational canvass of the ward by

predicates will precede this year's

primaries.

Mrs. William S. Monroe, Mrs. Jacob

Baur, vice president; Miss Helen

Cuddeback, secretary; and Mrs. Richard

Crane III, corresponding secretary, are

the new officers of the league.

They say it is so warm at Palm Beach

that people are simply packing. Mr. and

Mrs. Edward S. Moore arrived there on

Saturday in the private car of the

Florida coast line, and for the

moment is at Newport, R. I., the guest of

Reginald Vanderbilt. The Vanderbilts

arrived at Newport last week

with their son, Mr. Deering, and

Samuel, a son of Mr. Deering, and

James Deering has left the hot sun

of Florida coast and is back in

Chicago for the winter.

A party of New York men joined them

and an elaborate dinner was served on

the car, with a vaudeville entertainment

following. The party is staying at

WIPE OUT LAST CHECK TO START ON NEW STATION

Council Committeemen Accept
Flick Change on Coach
Yard Removal.

The obstacle that on Monday delayed council action on the Baltimore and Ohio coachyard ordinance was removed yesterday.

By unanimous action the committee on local industries approved the amendment to the ordinance proposed by Ald. Henry L. Flick at the council meeting. This step was said to have wiped out all opposition to the passage of the ordinance at the session Friday afternoon with the possible exception of that of Ald. Stanley H. Kinn, who has charged that the whole proposition is subject to suspicion.

Depot Work Depends on It.
This ordinance is considered of great importance only because of its bearing on the beginning of work on the new Union station and Pennsylvania freight terminal. The Union station company has said it cannot begin work until it knows that the Baltimore and Ohio, through this ordinance, is enabled to remove its coachyard from its present location within the territory affected by the proposed development.

Because of this fact Ald. Flick loudly protested to the committee against its action in the ordinance. He was laying the hiring of hundreds of men for the terminal construction job. He criticized the committee for not notifying him that the ordinance concerned trackwork in his ward, and Chairman A. J. Fisher explained that the failure to notify him was due to an oversight.

What Flick Proposed.
The Flick amendment provides that upon certain conditions a retaining wall supporting the railroad embankment may be omitted in the block between Morgan street and Racine avenue for the benefit of owners of adjoining property. The Peabody Coal company and J. W. Fernald, who want switch track connections with the railroad. Adjoining the right of way is a narrow alley and all the property on the opposite side of the alley is owned by the coal company and Fernald.

The condition imposed in connection with the omission of the retaining wall is that the interests involved obtain title to the alley within ninety days through the passage of a vacation ordinance and the payment of compensation to the city. If they fail to obtain title the retaining wall must be built. Ald. Flick announced this arrangement entirely satisfactory to him and his colleague, Ald. Matt Franz.

MOST WERE FARMER BOYS.

BY HENRY M. HYDE.
This is the age of
the young man. No-
body past 40 need
apply!
Life in Chicago
wears folks out fast.
Eyes full of soot and
dirt, ears full of rattle
and screech, nerves
all shot to pieces by
the speed, confusion, and tumult.
Two and a half million people—all
going nowhere in particular as fast as
they can lick it! Terrible place to live—
no chance at all for a man past 40!

Henry Rose, for instance.
As for instance:
Get up at 5 o'clock any of these bitter
winter mornings and tramp over to
North Hoyne avenue. That sturdy de-
voted man, Henry Rose, is there, swing-
ing a lighted lantern and whistling as he
comes, is Henry Rose on his way to work.

Rose is yard and barn boss for a coop-
erage company. He gets down at 5:30
in the morning to see that the horses he
is in charge of are properly fed. With two
or three hours off in the middle of the
day, he is on duty until the last team is
in the barn and fed at 7 o'clock in the
evening.

One pitch dark morning this winter a
holding man tried to rob him, but Henry
put up such a show of fight that the
highwayman ran.

Henry Rose is just past 80 years old.
He began working for the predecessor of
his present employer in 1867.

Born in Maine, of Quaker stock, Ro-
berts has been farmer, school teacher,
nurse, and physician in his time, prac-
ticing medicine for twenty-five years in
the vicinity of Chicago.

As a matter of fact, Chicago is full of
men in their seventies, and even eighties,
who are still active in many lines of work.
Life in a great city is apparently no more
cruel than in a small town or in the
country, at least to men who adapt them-
selves to its conditions.

Another "York Stater."
Really there seems to be something
special about a "York state farm."
Any man who wishes to live a long and
active life in Chicago is strongly advised
to pick one out as his birthplace.

J. B. Redfield, who will be 90 next
September, and who served for more
than fifty years as auditor of the Chi-
cago and Northwestern Railroad com-
pany, followed the "York state" rule.

He is still in active service, spends every
working day from 8 to 5 o'clock in his
office, and has not missed a day on ac-
count of sickness in half a century.

And every day when the weather has
been decent Mr. Redfield has walked to
and from his house on Washington bou-
levard, a distance of two and one-half
miles.

Plenty it is possible to live to a ripe
old age in Chicago, and to work all the
time—even at the difficult and exacting
task of auditing accounts which run into
hundreds of millions of dollars—without
breaking down in nerve or in health.

Boston, Mass., Feb. 16.—(Special.)—The
Massachusetts house of representatives
today voted 195 to 33 to amend the con-
stitution by striking the word "male" from
the list of qualifications for voters speci-
fied in the constitution.

The senate already has acted favorably
on the amendment, so that under the
constitution the question will be submitted
to the voters at the state election in No-

New Jersey Women Win.
Trenton, N. J., Feb. 16.—(Special.)—The
suffragists of New Jersey are in a fair
way to get the ballot if they can influence
a special election in this state in their
behalf, the senate today, following the
house last week, having passed the Pea-
cock woman suffrage amendment to the
state constitution.

The state constitution requires that
such a resolution shall be passed by two
consecutive legislatures and then shall
be put up to the voters. With the senate
action today the legislative part of the
program has been completed with.

The senate passed the resolution by a vote of
17 to 4. The house had previously passed it
unanimously.

\$2,400,000 municipal tuberculosis san-
itarium, the most complete institution of
its kind in the United States, was dedi-
cated with simple and brief exercises.

And 2,000 persons journeyed across the
prairie to the remote location at Bryn
Mawr and Crawford avenues to witness
the event.

Motor Cops Lead Way.
But four motorcycles "cops" spluttered
away from the city hall shortly after 11
o'clock, followed by a cavalcade of thirty
automobiles bearing aldermen, members
of the school board, and other city offi-
cials.

Health Commissioner George B. Young
represented the mayor and received the
keys of the institution from Dr. Theodore
B. Sachs, president of the board of di-
rectors of the sanitarium.

"This is indeed a memorable day in the
history of the local fight against tuber-
culosis," said Dr. Sachs. "Two years
ago we had 810 beds for consumptive pa-
tients, chiefly in county institutions. Now
we have 1,348, and that number is to be
increased to 2,357 within the year. These
figures are significant, for they indicate
what Chicago has accomplished in this
brief time in the battle against a dis-
ease the casualties of which surpass those
of the greatest wars."

Enterprise Is Unique.
"This enterprise is unique in Chicago,"
said Dr. Young. "For it is the first com-
plete institution of any size for the care
of the sick possessed by the city, as such.
This is not a charitable institution. If
you come here you are taking care of
yourself. Under these conditions we pro-
pose that this place shall be good enough
for any one, and that there shall be none
better."

The other speakers of the day were W.
A. Wieboldt, a member of the board of
directors, and State Senator Edward J.
Glavin, who introduced the bill authoriz-
ing a 1 mill tax for the sanitarium eight
years ago.

Mr. Glavin's reference to Dr. Sachs as
"one of the greatest authorities on tu-
berculosis in the world" was the sternal
for applause. Dr. Sachs was the hero of the
day.

DARNELL JAILED AS A "SLAVER"

"Marrying Parson" Faces
Mann Act Trials in
Three States.

Prosecution of the Rev. James Morrison
Darnell, the "marrying parson," under
the Mann act may be conducted in Illi-
nois, Wisconsin, and Minnesota. Follow-
ing his arrest yesterday on charges of
violating the white slave traffic act the
government announced that Darnell will
be removed to Milwaukee for trial before
Judge Geiger in the United States District
court.

District Attorney Charles F. Cline said
the government is determined to push the
prosecution. He said it develops that the
case in Milwaukee is not strong enough
then he will be placed on trial in Chicago.
Prosecution in St. Paul is the third alterna-
tive.

Miss Soper Turns on Him?
Darnell is charged with transporting
Miss Ruth Soper of Owatonna, Minn.,
from Owatonna to Chicago and from
Chicago to Kenosha.

It was rumored in the federal building
that Miss Soper had turned against Dar-
nell and that the government would get
her as the chief complaining witness.

Darnell is a former student in the divi-
nity school of the University of Chicago.
Miss Soper was a co-ed at the university
when the two met. Subsequently Darnell
became pastor of a church in Kenosha,
Wis., and while there he lived with Miss
Soper as his wife. They have one child.

Never Wed Miss Soper.
A marriage license to wed Miss Soper
was issued to Darnell at Crown Point,
Ind., on Monday. They were not mar-
ried, however.

Darnell was arrested by special agents
of the department of justice as he was
leaving the office of Richard J. Cooney,
his lawyer, in the Ashland block. The
arrest took Darnell completely by sur-
prise.

Unable to furnish a bond of \$5,000, Dar-
nell was taken to the county jail. United
States Commissioner Mason continued his
hearing until Feb. 24.

SAVE CHARITIES, CRY WOMEN LED BY JANE ADDAMS

Hull House Leader's Arrival
Today Will Signalize Start
of Campaign.

Miss Jane Addams' arrival from the
south this morning will be a signal for a
city-wide campaign among women's
clubs to save two county charity depart-
ments threatened with destruction at the
wholesale budget slicing due over in the
county board.

The public welfare bureau and the
bureau of children's summer outings the
women mean particularly to save. Mrs.
John F. Base is directing the plans of
campaign. She proposes to have a series
of mass meetings which will "stir the
city."

Mrs. Base' View of It.
"The important work of the bureau
of public welfare should not be subject
to the whim of any politicians who wish
the money needed for such work in more
political jobs," said Mrs. Base. "Un-
fortunately, women cannot vote for
county commissioners, but we mean to
have a voice in directing county chari-
ties."

A consultation between Mrs. Addams,
Mrs. Joseph T. Bowen, Miss Harriet Vi-
tumn, and Mrs. Harriette Taylor Treas-
well will be held this morning.

Social Service Wins.
The social service department of the
County court was threatened for a while,
but later placed back on the budget. It
was predicted the department would be
taken out of the hands of the County
court and turned over to the state's attor-
ney's office.

President Reinberg is opposed to an
increase in pay for any county employ-
ees unless for some unusual reason.

PRIVATE MOTOR BUS LINE MAY "BEAT CITY TO IT."

Ferry Hears Indiana Concern Is
Planning Fifty Car Route from
Midway to Diversey.

Chances that the city of Chicago will go
into the motor bus business grew less
yesterday. Commissioner Ferry of the
public service department announced
that private capital is preparing to "beat
the city to it."

"I have been informed," he said, "that
the Harwood-Barley company of Marion,
Ind., proposed to put fifty cars into op-
eration on a route from the Midway place-
ment to Diversey boulevard."

The city council has voted an appropria-
tion of \$30,000 from the traction fund
for the purchase and operation of
buses, but its expenditure is contingent
upon the result of a referendum upon an
ordinance setting forth the plan. No
steps toward the preparation of an ordi-
nance have been taken. Mayor Harrison
holds that a private company is free to
begin operation without a franchise from
the city.

POPING THE ONLY WEAPON
OF "50-50" HOLDUP MAN.

Five Men Who Gave Up Their Val-
uables Learn That Negro's "Re-
volver" Was Harmless.

Five holdups in thirty minutes and all
at the point of a 10 cent popgun is the
record of a 30 year old negro, George
White, 1229 Independence boulevard,
known as the "50-50" holdup man.

White was arrested by Sgt. T. H. Duffy
and W. H. Newman. He took the police-
men to a basement in Independence boule-
vard and showed them his "gun," after-
wards confessing to the robberies.

White was identified by each of the five
men whom he robbed. It was with great
difficulty that White convinced Benjamin
Levi, 3231 Washington avenue, a mail car-
rier, that he gave up his money at the
point of a popgun. For Levi was sure that
a "real gun" had been used.

REVENUE AGENT PRAISES WORK OF DETECTIVES.

Eleven Sergeants and Eight Parto-
men Also Commended in Police
Bulletin.

Daniel J. Chapin, revenue agent, in a
letter received yesterday by Chief Glea-
son, praised the efficient work of De-
tective Sergeants Thomas Kehoe, Simpson,
Simon Holmes, and Arthur Will in the
recent case of the illegal manufacture of
liquor.

Eleven sergeants and eight patrolmen
were mentioned in the police bulletin
yesterday by Chief Gleason for creditable
work in the recent case of the illegal
liquor. Those praised in addition to the
men who aided Revenue Agent Chapin are:

Sergeants Thomas Kehoe and Patrick
O'Brien, who detected a party of three
thieves and stopped the sale of the animal
before its owner learned that it had been taken
away.

Policemen Michael Higgins and Michael
Hewitt of the stockyard station arrested a
bribe-taker.

Det. Arthur W. McCarthy, Patrolman John
Doherty, Thomas McQuinn, Thomas Carline,
and William J. McQuinn of the stockyard
station arrested eight robbers.

Sergeant Thomas H. Moran of the stock
yard station arrested a party of three
thieves who were attempting to steal a
pigeon.

Policemen William H. Hennessey of the
Staten avenue station arrested a holdup
man.

FREQUENT TESTS TO CULL LAGGING DOCTORS URGED

Dean of Harvard School Makes
Plea for Struggling Re-
search Workers.

MUST KEEP STANDARD UP.

Dr. Horace D. Arnold, dean of the gradu-
ate school of medicine, Harvard univer-
sity, yesterday made a plea for the young
medical student engaged in research work
and suggested the feasibility of regular
examinations of finished physicians at
intervals to make them keep pace with
medical progress.

Dr. Arnold's report on graduate medical
instruction followed the discussion of a
paper by Dr. Victor C. Vaughn of Ann
Arbor, Mich., who advocated better sup-
port for the young graduate. The discus-
sion marked the closing session of the
eleventh annual council of medical educa-
tion of the American Medical association.

"The older practitioner who has a com-
fortable income does not care," said Dr.
Arnold. "But the young man barely ex-
isting from his labor while doing notable
research work should be encouraged and
provided for financially."

Progress Depends on Research.
"Medical progress cannot prevail with-
out research work. Great institutions
have been built up for such work, and
there should be some provision that will en-
able the young practitioner to live com-
fortably while doing his research work."

"The aim of the council is to furnish the
public with better doctors. But it is
difficult to raise the standard of practi-
tioners who have been in the work for
many years, and yet they should be re-
quired from time to time to undergo ex-
aminations to ascertain if they have for-
gotten anything they should know or
whether they are keeping up with the
times."

"When we have approached nearer the
millennium, perhaps physicians will be re-
cruited ones in so many years to show
that their work was of any value."

Book Room for Interns.
Dr. N. F. Colwell, secretary of the coun-
cil, read a report, dealing with the ques-
tion as to whether there are enough hos-
pitals to offer opportunities for intern-
ships to new graduates.

"There are about 2,424 hospitals," he
said, "having provision, beds, etc., for
about 4,000 interns. Our medical schools
are graduating about that number every
year. On the whole, hospitals, however, we
intern work."

This morning the American Medical
colleges will hold their twenty-fifth
annual meeting in the Congress hotel.

BOOKKEEPER IN TROUBLE;
SAID TO BE \$10,000 SHORT.

John W. De Lisle Asserts He Turned
Over Home, Automobile, and
Wife's Jewels to Make It Up.

Charged with forging a check for \$180,
John W. De Lisle of 1522 North Dearborn
street, formerly employed as a bookkeeper by
the Federal Union Insurance company,
was held yesterday by municipal
Judge Prindle yesterday. The war-
rant had been sworn out by Theodore
L. Osborn, treasurer of the company,
who told the court the discrepancies in
De Lisle's accounts reach \$10,000.

"You don't expect me to admit any-
thing," De Lisle said last night. "The
officials of the company have a grudge
against me, that's all there is to it."

"De Lisle told us," said one of the
detectives at the time of his arrest, "that
while he was in a hospital the officials of
the firm discovered the shortage and he
turned over his home, automobile, and
wife's jewelry to settle the shortage."

De Lisle is held in bonds of \$3,000.
